SUMMARY

Motivated and detail-oriented Computer Science professional with a strong foundation in Python, HTML, Microsoft Office, and web development. Possess good problem-solving, organizing, and communication skills, with a strong willingness to learn and adapt to new technologies. Experienced in developing an interactive Voice-Activated Personal Portfolio with an AI Assistant. Seeking an entry-level opportunity to apply my technical skills, contribute to organizational goals, and build a successful career in the IT industry.

EDUCATION

Bachelor of Computer Science

Pavai Arts and Science College for Women

Jul 2023 - may 2026

Higher Secondary Certificate (HSC)

Government Higher Secondary School

Jun 2022 - Apr 2023

INTERNSHIP

Android Developer Virtual Intern

Jul 2025 – Sep 2025

- Completed a 10-week virtual internship in Android Development, gaining practical exposure to the fundamentals and workflow involved in developing mobile applications.
- Learned key concepts related to Android application development, including understanding application structure, designing user-friendly mobile interfaces, and working through the basic stages of application development.
- Strengthened technical, problem-solving, and application development skills through structured learning, hands-on activities, and project-based tasks during the internship.

PROJECT

Voice-Activated Personal Portfolio with AI Assistant

- Developed an interactive personal portfolio website to present personal information, technical skills, projects, certifications, and achievements in a clear and organized manner. Implemented voice-based interaction to allow users to navigate through the portfolio and access information using voice commands, making the website more interactive and convenient.
- Integrated an AI assistant to interact with users, respond to queries, and provide relevant information about the portfolio and its contents.
